

FY 19 Partnerships and Volunteer Program Summary Sheet

*Data from NRM Assessment

The Corps of Engineers' natural resource management mission is to manage and conserve natural resources, consistent with ecosystem management principles, while providing quality public outdoor recreation experiences to serve the needs of present and future generations. The challenges facing this mission require a new way of doing business, by increasing community engagement and collaboration to ensure we meet the needs of the public. Our partners and volunteers are organizations and people who want to give back to their communities and are interested in being involved in the Corps natural resource management program. Whether it is an environmental ethic, a love of parks, or enthusiasm for the outdoors, like-minded partners and volunteers share their expertise, resources, time and energy to work together toward common goals.

Total partners: 2,377

(9.6% increase from FY 18)

Corps projects with partnerships: 264 of 403 (66%)

Total value of partnerships: \$118,367,539

(68% increase from FY 18)

(Corps: \$23.6 million investment/
Partner leveraged investment:
\$94.8 million)

We strive to match our partners and volunteers' talents and interests with work to be done, in order to achieve our shared vision. While partners and volunteers are not a substitute for Corps management of the federal resources, they help accomplish programs and activities for which funding is not available and therefore would not normally be performed. In FY 2019, 46% of our partnerships were for environmental stewardship projects, and 54% were for recreation projects.

- **CVBs, businesses, community organizations:** More than 1,000 businesses and community organizations partnered with the Corps to offer recreation related services and supplies to visitors while also generating an economic benefit to the local communities.
- **Cooperating associations:** 53 nonprofit associations held special events, operated bookstores, fundraised, gave interpretive programs, and served as community advocates for the Corps.

- **Boy/Girl Scouts:** 3,688 scouts from 118 troops were able to complete eagle scout projects, learn new outdoor skills, beautify parks through shoreline cleanups, raise funds by recycling, perform service projects, earn badges, and participate in educational programs by park rangers to learn about natural resource careers.
- **Educational institutes:** Corps lakes provided 137 universities and schools with hands-on learning in an outdoor classroom setting, research projects, volunteer projects to meet service goals, water safety and environmental education programs, and career days.
- **Youth service and conservation corps:** 34 Corps lakes worked with conservation service corps organizations to provide 16 to 25 year-old youths with job training, academic programming, leadership skills, and experience in environmental stewardship and recreation projects.

- **National organizations with MOUs:** 153 Corps projects partnered with 32 national organizations to improve access, upgrade facilities, and create new opportunities for their members and the public at Corps lakes.
- **Public organizations:** 240 public entities, including federal and state land management agencies, local government agencies, military organizations, and tribal entities completed projects to improve recreation, restore habitat and meet environmental stewardship goals.

Beginning in 2016, Corps volunteers who served 250 hours with the Corps of Engineers or other participating Federal land management agencies became eligible to receive an America the Beautiful (ATB) Interagency Volunteer Pass. In FY 2019, 321 America the Beautiful Volunteer passes were issued to Corps volunteers for their service. In addition to the ATB pass, 105 Corps volunteers who served 100 hours received a Corps annual day use pass.

Volunteers who perform exceptional service are also eligible to receive a Corps Foundation Volunteer Excellence coin, and can be nominated for the Corps Foundation sponsored National Volunteer of the Year Award or the Enduring Service Award. In FY 2019, 44 Volunteer Excellence coins were awarded for exceptional volunteer service.

Total volunteers: 28,550

Volunteer hours: 1,505,860

Value of volunteer service: \$38.3 million

(Total volunteer hours x \$25.43/hour standard rate set by the Independent Sector and the Bureau of Labor Statistics.)

Corps projects with volunteers: 291 of 403 (72%)
